(see wlc.edu/directions)

Wisconsin Lutheran College Men's Soccer would like to invite you to attend our Boys High School ID Camp. This is a fantastic opportunity for every type of player looking to improve technically and tactically in addition to achieving individual and team goals. The camp staff includes the WLC Men's Soccer Coaching Staff as well as current Warriors players. All sessions will be held at Warriors Soccer Field at WLC's Outdoor Athletic Complex.

The Boys High School ID Camp will provide high school boys with the best soccer environment regardless of their level of play. We work with players of all abilities and have a curriculum to fit each individual with a training program based upon their skill level. This camp will feature an inside look at how an NCAA Division III men's soccer program operates and will include a College Recruiting Q&A as well as time for discussion to advance understanding of the game.
