Wisconsin Lutheran College Men's Soccer would like to invite you to attend our High School Boys Preseason ID Camp. This is a fantastic opportunity for every type of player looking to improve technically and tactically in addition to achieving individual and team goals. The camp staff includes the WLC Men's Soccer Coaching Staff as well as current Warriors players. All sessions will be held at Warriors Soccer Field at WLC's Outdoor Athletic Complex on our three available fields (grass and turf).

The Boys High School ID Camp will provide high school boys with the best soccer environment regardless of their level of play. We work with players of all abilities and have a curriculum to fit each individual with a training program based upon their skill level. Campers will be exposed to a variety of coaching styles and methods to further their knowledge of the game in addition to their abilities.
